FOR SENTENCE: December 7, 2007

DELAY IN PRESENTENCE INVESTIGATION & REQUEST FOR ADJOURNMENT

The above noted defendants are presently pending sentence before Your Honor. The Probation Officer assigned to prepare the offense conduct details for these cases has advised me that there is a large amount of file material which needs to be reviewed and two case agents who need to be interviewed in order to prepare these details. Further, the officer had to unexpectedly take leave for several weeks.

As a result, for the reasons noted herein, it will not be possible for the Probation Department to disclose these reports in a timely fashion. Based on the information presented herein, the Probation Department respectfully requests an adjournment of sentence of approximately twelve weeks.
